L'AZIENDA

Metaform nasce nel 1947 come Metalplastica Lucchese, un'attività manifatturiera dedicata allo stampaggio in materiale plastico di articoli per la casa. Con il trascorrere degli anni, quella piccola impresa ha assunto dimensioni sempre maggiori, dapprima specializzandosi nella produzione interna di accessori per il bagno in termoindurente e, successivamente, sviluppando una vera e propria filiera produttiva globale e sperimentando nuovi materiali e funzionalità.
Oggi la Metaform DnD srl *(Design and Development)*, è una realtà toscana specializzata nella progettazione, sviluppo industriale e distribuzione di un portafoglio di soluzioni per l'arredo del bagno, che conta oltre 1000 referenze in pronta consegna 350 giorni all'anno, spedendo in pochi giorni dalla conferma d'ordine e con un tasso di servizio del 99%.

L'assortimento, costantemente aggiornato, spazia dagli accessori da parete e appoggio ai complementi d'arredo, dagli ausili di sicurezza all'idroterapia e sistemi doccia. Grazie a un ufficio marketing dedicato, inoltre, l'azienda supporta i propri rivenditori nella costruzione di offerte su misura, con strumenti di vendita POP e produzioni customizzate, offrendo soluzioni calibrate per il pubblico cui si rivolgono.

Nel 2026, abbiamo innalzato il grado di specializzazione, dividendo la nostra offerta in due cataloghi:

DECOR Line racchiude prodotti apprezzati nei decenni dal mercato e novità ispirate a tendenze e bisogni emergenti, per portare gusto, colore e personalità in ogni ambiente;

TOP Line rappresenta una proposta particolarmente attenta alle tendenze stilistiche contemporanee e realizzata con materiali e dettagli di pregio.

L'universo Metaform si apre, così, in due mondi, che esprimono coralmente il nostro impegno quotidiano per migliorare modi diversi di vivere l'ambiente bagno e offrire a più persone possibili il piacere di avere qualcosa di bello, sotto più punti di vista.

A entrambi dedichiamo la stessa attenzione, la stessa cura, la stessa passione.

THE COMPANY

Metaform was born in 1947 as Metalplastica Lucchese, a manufacturing company dedicated to the plastic molding of household items. Over the years, that small business grew steadily, first specializing in the in-house production of thermoset bathroom accessories and, later, developing a truly global production chain while experimenting with new materials and features.
Today, Metaform DnD srl (Design and Development) is a Tuscany-based company specializing in the design, industrial development, and distribution of a portfolio of solutions for bathroom furnishing, featuring over 1,000 items available for immediate delivery 350 days a year, with shipping within a few days of order confirmation and a 99% service rate.

The constantly updated assortment ranges from wall-mounted and freestanding accessories to furnishing accessories, from safety aids to hydrotherapy and shower systems. Furthermore, thanks to a dedicated marketing department, the company supports its retailers in creating tailored offers, with POP sales tools and customized productions, providing solutions designed for their specific target audience.

In 2026, we raised the level of specialization by dividing our product offering into two catalogs:

DECOR Line encompasses products that have been popular on the market for decades, as well as novelty items inspired by emerging trends and needs, to bring taste, color, and personality to any space;

TOP Line represents an offer that is especially attentive to contemporary style trends and crafted with high-quality materials and details.

The Metaform universe thus splits into two worlds, which collectively express our daily commitment to improving different ways of experiencing the bath environment and offering as many people as possible the pleasure of owning something beautiful—from multiple perspectives.

To both, we dedicate the same attention, the same care, and the same passion.

L'ENTREPRISE

Metaform est née en 1947 sous le nom de Metalplastica Lucchese, une entreprise manufacturière spécialisée dans le moulage de matières plastiques pour la fabrication d'articles ménagers. Au fil des années, cette petite entreprise a pris de plus en plus d'ampleur, en se spécialisant d'abord dans la production interne d'accessoires de salle de bains en thermodurcissables, ensuite en développant une véritable chaîne de production globale et en expérimentant de nouveaux matériaux et de nouvelles fonctionnalités.
Aujourd'hui, Metaform DnD srl (*Design and Development*) est une entreprise toscane spécialisée dans la conception, le développement industriel et la distribution d'une gamme de solutions d'aménagement de salle de bains comptant plus de 1 000 références prêtes à livraison 350 jours par an, expédiées en quelques jours après confirmation de la commande et avec un taux de service de 99 %.

L'assortiment, constamment mis à jour, s'étend des accessoires muraux et d'appui aux compléments d'ameublement, des auxiliaires de sécurité à l'hydrothérapie et aux systèmes de douche. De plus, grâce à un service marketing dédié, l'entreprise accompagne ses revendeurs dans l'élaboration d'offres sur mesure, avec des outils de vente PDV et des productions customisées, en proposant des solutions adaptées au public auquel ils s'adressent.

En 2026, nous avons élevé notre niveau de spécialisation en divisant notre offre en deux catalogues :

DECOR Line contient des produits appréciés depuis des décennies par le marché ainsi que des nouveautés inspirées des tendances et des besoins émergents, afin d'apporter goût, couleur et personnalité à chaque environnement ;

TOP Line représente une proposition particulièrement attentive aux tendances stylistiques contemporaines et réalisée avec des matériaux et des détails prisés.

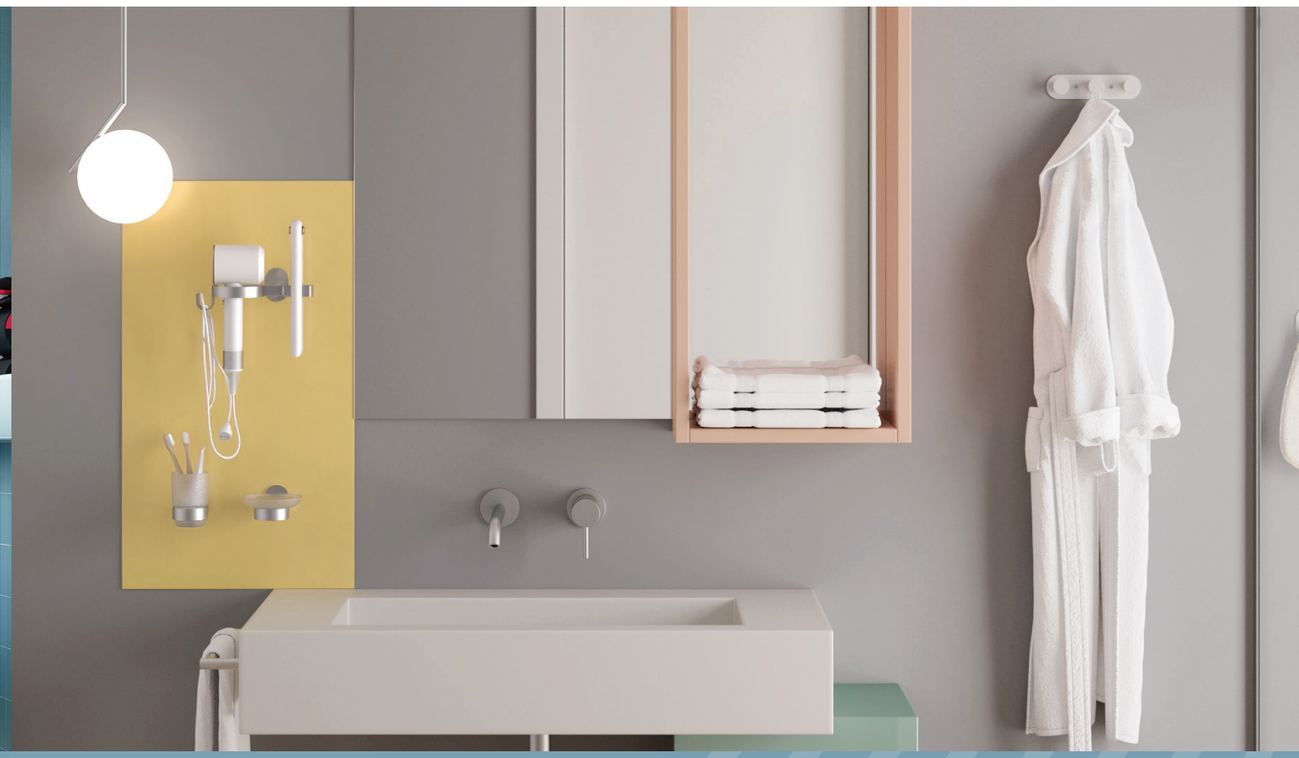

L'univers Metaform s'ouvre ainsi sur deux mondes, qui expriment à l'unisson notre engagement quotidien à améliorer les différentes façons de vivre l'espace salle de bains et à offrir autant de personnes que possible le plaisir de posséder quelque chose de beau, à plus d'un titre.

À tous deux, nous dédions la même attention, le même soin, la même passion.

INSTALLAZIONE

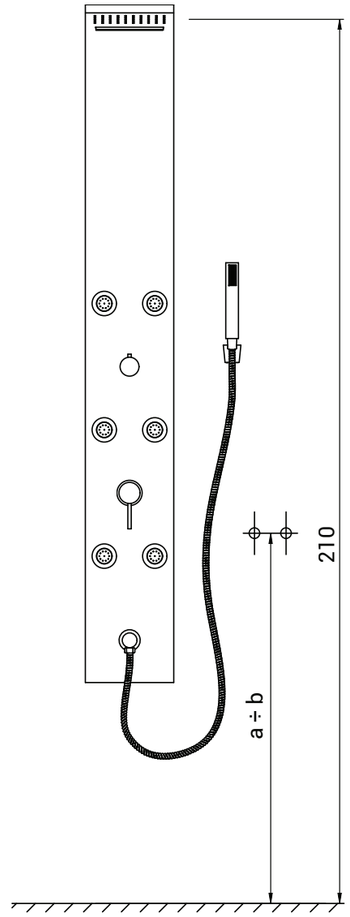

L'altezza di fissaggio delle colonne doccia è a discrezione dell'utilizzatore. Per un posizionamento ottimale, si consiglia di posizionare il getto superiore a circa 30 cm di distanza dalla testa dell'utilizzatore stesso. Per ciascun modello, nei disegni tecnici sono indicate, insieme alle misure di ingombro, le posizioni delle uscite dell'acqua calda e fredda compatibili. Le altezze di installazione indicate (a÷b) si riferiscono alla configurazione per un utente alto 180 cm (h soffione dal piatto doccia: 210 cm)

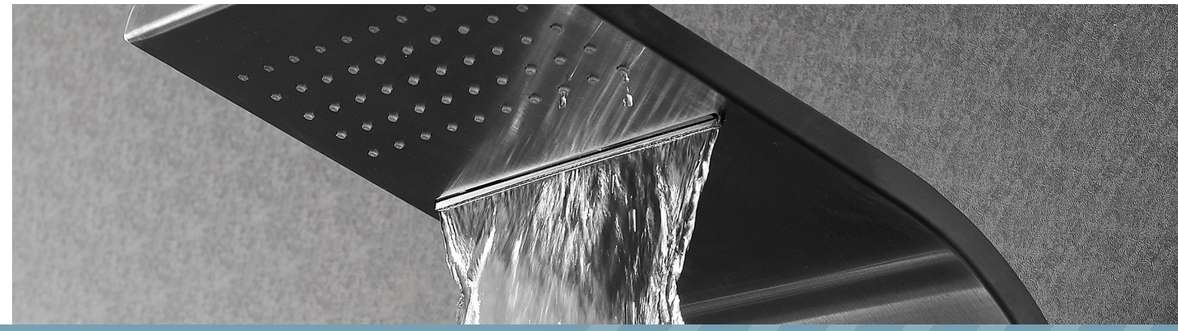

INSTALLATION

The installation height of the shower columns is at the user's discretion. For the best positioning, it is recommended to place the shower head jet about 30 cm over the user's head. The positions of hot and cold water outlets compatible with each model are shown in the technical drawings along with dimensions. The installation heights that are displayed (a÷b) refer to the configuration for a 180 cm tall user (shower head h from the shower tray: 210 cm).

INSTALLATION

La hauteur de fixation des panneaux de douche est laissée à la discrétion de l'utilisateur. Pour un positionnement optimal il est recommandé de placer le jet supérieur à environ 30 cm au-dessus de la tête de l'utilisateur. Pour chaque modèle les plans techniques indiquent, ainsi que les dimensions d'encombrement, les positions des prises d'eau chaude et froide compatibles. Les hauteurs d'installation indiquées (a÷b) s'appliquent à la configuration pour un utilisateur de 180 cm de hauteur (hauteur du pommeau de douche par rapport au receveur : 210 cm).

Doccette, flessibili, asta saliscendi, minikit… formano un insieme di elementi per la doccia tra loro perfettamente compatibili e studiati per una esposizione da 1 metro lineare “autovendente” dove il cliente finale può comporre autonomamente il proprio set doccia.

Hand showers, hoses, sliding rail, mini-kits… form a set of shower elements that are perfectly compatible with each other and designed for a “self-selling” 1 linear meter display where the final customer can assemble their own shower set autonomously.

Douchettes, flexibles, rail coulissant, mini-kits… forment un ensemble d’éléments de douche parfaitement compatibles entre eux et conçus pour un présentoir « self-selling » de 1 mètre linéaire où le client final peut assembler lui-même son ensemble de douche.

GARANZIA E RIPARABILITÀ

Ci impegniamo a garantire la conformità di tutti i nostri prodotti, rispetto alla propria destinazione d'uso e ai nostri standard di qualità.
La garanzia è applicabile in assenza di difetti conseguenti a utilizzo, pulizia o manutenzione impropri.
La garanzia legale decorre dalla data di acquisto riportata sullo scontrino o sulla fattura.
Per una selezione di prodotti, inoltre, indichiamo quando il periodo di garanzia eccede i 24 mesi.

Per incoraggiare il consumo responsabile dei nostri prodotti, mettiamo a disposizione le componenti necessarie per ripristinarne le principali funzionalità ed estenderne la durata nel tempo.
In queste pagine è possibile consultare le parti di ricambio compatibili per ciascuna prestazione ripristinabile.

WARRANTY AND REPAIRABILITY

We are committed to ensuring that all our products comply with their intended use and our quality standards.
The warranty applies provided that defects are not the results of inappropriate use, cleaning, or maintenance.
The legal warranty takes effect from the date of purchase indicated on the receipt or invoice.
Furthermore, for a selection of products we specify when the warranty period exceeds 24 months.

In order to encourage responsible use of our products, we provide the components needed to restore their core functions and extend their lifespan.
On these pages, you can consult the compatible replacement parts for each restorable function.

GARANTIE ET RÉPARABILITÉ

Nous nous engageons à garantir la conformité de tous nos produits conformément à leur destination d'utilisation et à nos critères de qualité.
La garantie s'applique à condition que les défauts ne résultent pas d'une utilisation, d'un nettoyage ou d'un entretien inappropriés.
La garantie légale prend effet à compter de la date d'achat indiquée sur le reçu ou la facture.
De plus, pour une sélection de produits, nous précisons lorsque la durée de garantie dépasse 24 mois.

Afin d'encourager une consommation responsable de nos produits, nous mettons à disposition les composants nécessaires pour rétablir leurs principales fonctionnalités et prolonger leur durée de vie.
Vous trouverez sur ces pages les pièces de rechange compatibles pour chaque prestation réparable.
